Since several resolutions under "ISKCON Organization" passed at the March 9, 9 a.m meeting, caused a great disturbance among the temple presidents and thus with our spiritual master, the GBC acknowledges that they were mistaken proposals and hereby rejects them. This was ordered by Srila Prabhupada, and refers specifically to resolutions 1, 2, 3, and 10.

Radha Damoda party
1. Resolved: Since Srila Prabhupada has ordered Radha Damodar leader Tamal Krsna Maharaj to go preach in China, the following arangements were made to insure carrying on of the Radha Damodar Party.

Viswamrta das will return to Laguna Beach temple. Viswatamika and Caturbhava to Detroit. In general, no other Radha Damodar men will be required to leave. If a president is interested to have Radha Damodar men who left his temple return again, he should not try convincing the man to return, but must approach his own GBC man, who will also approach the Radha Damodar GBC man.

4. The R.D men can continue to distribute in the airports, but if in temple city the president thinks they should leave, the Radha Damodar men can take the decision of local GBC man who will consult jointly with the Radha Damodar GBC man.

Reassignment of US zones:

India

1. Gopal Krsna das will include Russia in his zone and will go there for preaching

2. Gargamuni Swami will include Bubeneswara and Puri in his zone. Gopal Krsna and Hansadutta will share co-jointly the balance of temples in India.

3. Anyone who collects money in a city in India where there is temple, will give 50% to the temple, as well as turning over the records to the local temple plus he will preach about the local program. Whoever makes the life member must also supply him books. Outside of those temple cities, anyone may preach anywahere and use the money for his own ISKCON projects, but he must preacah about the local projects

4. Gargamuni Swami will try to supply monthly to Vrndaban 10,000 rupees and he must also take permission from the local temple president before he preaches in the city.

In addition, the GBC has accepted a number of resolutions from the presidents meetings, as follows:

1. Resolved: We suggest that the GBC resolve that brahmacari life in a temple is bona-fide process for cultivating the highest grade of Krsna Consciousness and that it is not intrinsically inferior to brahmacari life in a travelling context.

Further, that if a Sannyasi or party leader has a grievance regarding the management of a temole, particularly in regard to the brahmacari program, his complaint should be properly aired to the temple president and the local GBC representative. The matter should not be brought before the devotees in general.

2. Resolved: We suggest that the GBC resolved that if a temple program is considered deficient, it is the immediate business of the temple president and GBC men to correct the deficiency.

Further, any alleged deficiency in a temple program is not sufficient grounds in itself for a Sannyasi, partyleader or anyone else to encourage a devotee to abandon his prescribed duty in the temple.

3. Resolved: We suggest that the GBC resolve that if the temple president and GBC man do not correct a deficiency in a period of time agreed upon by the president, the GBC man and the preacher making a complaint, the Goverrning Board Commission may transfer the devotee to other duties.

4. Resolved: We suggest that the GBC resolve that aside from the local GBC man and His Divine Grace, no person or group has direct authority over a temple president. In the case of some disagreement regarding practical policy or practical philosophy, a travelling party leader, sannyasi or non-local GBC man must respect the integrity of the president's authority over his temple. He must defer to the president's position and can initiate change only via the local GBC.

5. Resolved: We suggest that the GBC resolve that the Radha-Damodar travelling Sankirtan party use some of its abundance of manpower to develop program for convincing non-devotees to join their party rather than recruting devotees from ISKCON temples.
Radha Damodar parties may preach to guests at Sunday feasts in the temples and they should encourage them to join ISKCON, either the temple or the bus, as would be best for the circumstances of the person being preached to.

6. Resolved: We suggest that the GBC resolve that it is the duty of the Society's preachers to present Krsna Consciousness philosophy as it is, as presented in Srila Pabhupada's books and not twist it for any personally motivated purposes

7. Resolved: As temple president's, we recognize the value of the association of Sannyasis, especially for the brahmacaris and householder men. We recognize that it is our duty to provide opportunities for such association as far as possible, and we humbly request the cooperation of our Sanyasi godbrothers in the regard.

8. Resolved: We suggest that the GBC reconsider its decision as to which GBC secretary will have jurisdictions over each local zone after consulting with the temple presidents themselves.

In addition it was agreed, that if they desire to do so, temple presidents may come early to the annual Mayapur meeting, for their own meetings and association awithe Srila Prabhupada.
